

One-stop service - world-class, worldwide

# Chemical Storage & Dispatch

Enhance your chemical storage and dispatch with  
Eurofins Agroscience Services

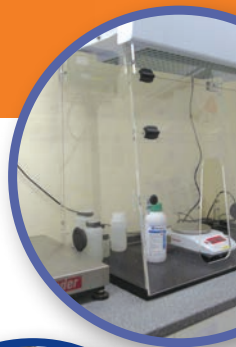

## Efficient, secure, and reliable chemical management solutions

At Eurofins Agroscience Services, we excel in the storage and dispatch of chemicals through our robust global network.

Our extensive experience and strategic contacts worldwide ensure we can handle your shipments, including dangerous goods, with the utmost efficiency and reliability, especially within the UK and Europe.

**Expect fast  
turnaround times**

**We aim to process  
orders in 5 working  
days or less\***

## Why choose Eurofins Agroscience Services?

### Comprehensive chemical management:

- Secure storage facilities: Our state-of-the-art chemical storehouses guarantee the secure storage of your products with 24/7 ventilation and precise temperature control (maintained between 5°C and 30°C). We adhere to all regulatory standards for your peace of mind.
- Expert technicians: Our team, trained in GLP practices and certified for the transport of dangerous goods by road, air, and sea, ensures meticulous handling of your chemical store.
- Inventory control: Regular audits and customizable reporting keep you informed about your stock levels.
- Responsible disposal services: We offer safe disposal of expired or obsolete stock or the option to return it to you.

### Swift and reliable dispatch:

- Global reach: With our extensive network of partners, we can quickly dispatch chemicals to almost any location worldwide, ensuring you receive your products on time
- Vast range of chemicals: Collaborating with a large portfolio of international suppliers, we can source and deliver a wide array of chemicals to meet your needs.
- Competitive rates: Our scale and expertise enable us to provide cost-effective solutions without sacrificing quality. Enjoy premium service at competitive prices.

## Discover the Eurofins Advantage

Partnering with Eurofins Agroscience Services means you can expect a seamless, efficient, and secure solution for all your chemical storage and dispatch requirements. Our dedicated team is ready to manage your needs, providing peace of mind and total confidence in our services.

**For more information on these services or to get started, please contact us today!**

## Eurofins Scientific

Eurofins Scientific, through its subsidiaries, provides Contract Research Services to a wide range of industries including environment, pharmaceutical and agroscience.

**Worldwide excellence in bio-analytical testing**

\* Applies to UK and EU shipments; usually, shipments outside of the EU take longer - please contact us for information
