

One-stop service - world-class, worldwide

Specimen Shipment Services

Eurofins Agrosience Services

With over 30 years of experience in Crop Protection, Eurofins Agrosience Services is a global CRO offering exceptional technical knowledge, testing and regulatory consultancy to plant health and crop protection manufacturers, the agri-tech sector, plant breeders and the seed industry.

In a dynamic and complex regulatory environment, our priority is to support clients through every stage of the agrochemical registration process.

Providing specimen shipment services from test site to specific destinations

Eurofins Agrosience Services can provide specimen shipment services from field test sites throughout Europe to your chosen destination. Our expert network of experienced staff manage your specimens every step of the way, ensuring they will arrive in the required condition.

Why choose us?

- An outstanding network of frozen ($\geq -18^{\circ}\text{C}$) specimen shipments across Europe operated with a combination of our own vehicles and a well-established portfolio of accredited logistic partners.
- Our extensive structure of offices and laboratories throughout Europe enables us to store specimen's short term if required and then bulk ship to your final destination. All our frozen storage is secure and GLP compliant.

With regular fixed routes, and bespoke collections and drop-offs available, we will ship from a test site to your chosen destination

- **GPS Temperature monitored and tracked shipments** offering security and reassurance.
- **Long term frozen specimen storage** in our own dedicated GLP compliant freezers.
- **Competitive and flexible terms** due to the unique way Eurofins Agrosience Services operate our specimen shipments services.
- Local Eurofins staff are on-hand to advise and assist, understanding your specific requirements and providing you with bespoke solutions to suit individual logistic and business requirements.

Whatever your requirement, EAS Group is committed to working with you towards the best possible outcome.

Eurofins Scientific
